PADI Drysuit Diver

There is no excuse for not diving all year around in Melbourne. Diving in a dry suit you stay out of the water so you can easily keep warm. What? Stay out of the water? Yes! Unlike a wetsuit, a dry suit seals you off from the outside water. In the PADI Dry Suit Diver Specialty course, you'll learn how to use your dry suit. And that keeps you warm! Even in very cold water.

Dry Suit Theory Review your knowledge of dry suit diving and learn how to apply it to your now warmer diving. We will talk about the different drysuits on the market, how to look after your drysuit, buoyancy control considerations and maintenance of your drysuit.

Over 3 dives Meet at a selected dive site and explore how to use your drysuit. This

course is a must to ensure you will dive safely and comfortably with your new suit.

Skills you will learn include-

- ☀ How to don and doff your dry suit.
- ☀ Dry suit buoyancy control skills.
- ☀ How to store and maintain your dry suit.
- ☀ Which undergarment is right for you and how much weight you will need.

Equipment Requirements

It is assumed that by this stage of your diving, if you want to complete a drysuit diver course you own all of your equipment. It is essential to get the most out of this course for you to master your buoyancy control in your drysuit. If you are unable to purchase or need any equipment please talk to our staff.

Course Pricing
\$325
